The Budget Office has updated the Excel workbook for your campus that contains separate worksheets for each summary included in the University’s budget document book. The budget document book serves as a reference tool for each Board of Trustee member as they review and approve our funding requests for the new fiscal year. The section that follows provides a brief overview of the information reported on the summaries, the source of the data shown for FY 2005, and limited guidance for completing the requested information for FY 2006 and FY 2007.

Unrestricted Current Fund Resources & Uses:

This series of three summaries provide an overview of the total unrestricted current fund resources and uses for FY 2005 Actuals, FY 2006 Projected, and FY 2007 Proposed. Unrestricted funds are derived from State appropriations, student fees, institutional revenue, and auxiliary operations. The University categorizes unrestricted funds into the following fund groups for senior and regional campuses:

- A-General
- B-Infirmary, Housing
- C-Bookstore, Vending/Concessions, Athletic Booster Clubs, Performing Art Centers, Food Service
- D-Student Activity Fees, Athletics
- E-General Departmental
- R-Board of Trustees controlled funds from auxiliary funds
- S-Scholarships (Unrestricted)

Please note that your worksheet reflects a separate column for each fund group in use in FY 2006. The table below details the standardized level of resources and uses for each fund group reported on the unrestricted summaries.

The Budget Office has completed the ‘FY 2005 Actuals Unrestricted Current Fund Summary’ worksheet using the final post-close information for June 30, 2005. We could have missed something so please look it over carefully.

You need to complete the following two unrestricted worksheets:

- FY 2006 Projected Unrestricted Current Funds Summary (Tab Name – UCF-PrjFY06) - This worksheet should reflect your best estimates of how your campus will end this fiscal year. Please note that the ‘Prior Year’s Fund Balance’ amounts are automatically rolled forward from the ‘FY 2005 Actual Unrestricted Current Fund Summary’. Also be aware that the ‘Fund Balance’ amount at the bottom of this worksheet automatically rolls forward to the ‘FY 2007 Proposed Unrestricted Current Funds Summary’ worksheet.
• FY 2007 Proposed Unrestricted Current Funds Summary (Tab Name – UCF-PrpFY07) – This worksheet should reflect your best estimate of your campus’s 2007 beginning operating budget for unrestricted current funds. As it is available from the General Assembly, we will be sharing 2007 State appropriation information with you. Please note that the ‘Prior Year’s Fund Balance’ amounts are automatically rolled forward from the ‘FY 2006 Projected Unrestricted Current Fund Summary’.

Restricted Current Fund Resources & Uses:

The ‘Statement of Restricted Fund Resources and Uses’ worksheet provides an overview of the total restricted fund resources and uses for FY 2005 Actuals, FY 2006 Projected, and FY 2007 Proposed. Restricted funds are derived primarily from gifts, grants and contracts that are designed for restricted uses, predominantly research and student scholarship aid.

The Budget Office has completed the ‘Actual 2005’ column of the worksheet using the final post-close information for June 30, 2005. We could have missed something so please look it over carefully. As with the unrestricted summaries, you need to complete the ‘Projected 2006’ and ‘Proposed 2007’ columns of this worksheet. Please consider the impact of both newly established and ending grant awards as you develop these estimates.

Automated Master Summaries:

The Excel Workbook contains the following two automated master summaries.

- Statement of Current Unrestricted Fund Resources and Uses (Tab Name – UCF)
- Statement of Total Current Fund Resources and Uses (Tab Name – TCF)

The unrestricted fund information entered on the ‘FY 2006 Projected Unrestricted Current Funds Summary’ and the ‘FY 2007 Proposed Unrestricted Current Funds Summary’ will automatically roll into the unrestricted columns of these worksheets. The restricted fund information entered on the ‘Statement of Restricted Funds Resources and Uses’ will automatically roll into the restricted columns of these worksheets. Please review the data shown on these master summaries to ensure that it accurately reflects the data entered by you on the unrestricted and restricted worksheets for your campus.

Auxiliary Funds:

The ‘FY 2007 Budget Summary of Auxiliary Funds’ (Tab Name – Auxiliary) worksheet provides an overview of your campus’s auxiliary operations to include total revenues, expenditures, net mandatory and non-mandatory transfers, net revenue, and fund balance. This level of information is provided for each major auxiliary operation. Auxiliary operations are self-supporting enterprises that enhance a student’s education experience, but are not required in the delivery of that experience. The university categorizes these operations into the following fund and program groupings:

- Fund B & Program 81 – Infirmary
- Fund B & Program 82 – Housing
- Fund C & Program 86 – Food Service
- Fund C & Program 83 – Bookstore
- Fund C & Program 84 – Vending & Concessions
- Fund C & Program 85 – Athletic Booster Clubs
- Fund C & Program 87 – Other Services

You need to complete the ‘Actual 2005’, ‘Projected 2006’ and ‘Proposed 2007’ columns of this worksheet to reflect last year’s activity and your best estimates of how your campus auxiliary units will end this fiscal year and their beginning operating budget for 2007. This worksheet stands alone. Its values do not roll into the related numbers reported on the unrestricted current fund summaries. You will need to double check to make sure that the total
revenue and expenditure information reflect on the unrestricted current fund summaries agrees with the detail numbers reported on the ‘FY 2007 Budget Summary of Auxiliary Funds’.

**Designated and Local Funds:**

The budget document book contains the following informational summaries on designated and local funds.

- FY 2007 Schedule of Designated Funds Activities (Tab Name – **Designated**)
- FY 2007 Sources and Uses of Local Funds (Tab Name – **Local**)

Because this information is maintained solely at your campus, you will need to supply it for all the years indicated on these worksheets.

The completed worksheets should be attached to an email and forwarded on or before Monday, May 1 to me at lgbrunel@gwm.sc.edu. Regional Campuses: Please be sure to copy Pam Hayes with your submission by April 28, 2006 in preparation for Dr. Plyler’s meeting with the President. Specific instructions and the Excel workbook for the development of your campus’s line item budget allocations for all ‘A’ funds will be issued in early June with a completion date in early July.
